# About us

We are a leading shipping and logistic service provider of India. We provide complete cargo handling and shipping services for all types of commodities at various ports in India. We regularly handle coal, petcoke, steel, minerals, agri, fertilisers & fertiler raw materials, project cargoes, containerised cargoes and various liquid chemicals & oils.

The Group was formed in 1982 with the objective of offering a range of services for facilitating international trade and for being a part of India's growth story.

We are one of the leading custom house brokers, licensed stevedores, warehouse owners, shipping agents, ship brokers & affreightment agents for all types of cargoes. We have our fleet of tippers, trailers, tankers, loaders, excavators, cranes and equipment for safe and efficient handling of cargoes.

# Our services

**We have over 4 decades of experience as clearing & forwarding agents. Annually, we handle over 5 million metric tonnes of cargoes.**

## Custom broking

We are a licensed custom house agent since 1982, and we have skilled and experienced staff at all port locations along the coastline of India. We specialise in clearing of liquid, chemicals and agro commodities that require variety of licenses and approvals.

## Stevedoring & cargo handling

We are a licensed stevedore at the ports of Mundra and Kandla. We handle all types of cargoes for both import and export trades. We have the experience of handling all major commodities like coal, pet-coke, steel, ores, minerals, agro products, heavy & oversized packages, fertilisers & raw materials and various liquid chemicals.

## Shipping agency

We have active presence as shipping agents at all major port locations on the west coast and east coast of India. We are a member of BIMCO, one of world's largest shipping associations, and we locally represent some of the world's leading vessel owners and operators

## Chartering & shipbroking

We are part of a strong and large network of vessel-owners & charterers, and we have excellent relationship with cargo owners. We offer complete chartering services, end-to-end solutions, and great deals to our clients, with special focus on dry bulk and break-bulk cargoes.

## Freight forwarding

We have corporate tie-ups with major shipping lines and CFS. We offer complete and end-to-end solutions for your containerized shipments for safe delivery of cargo, worldwide.

## Warehousing & redistribution

We offer storage, packing, standardising, loading and transportation facilities for bulk and break-bulk cargoes. We have multiple go-downs, both bonded and general purpose, and open yard space near Kandla port, to cater for import and export trades.

## Logistics & transportation

We have our own fleet of trailers, dumpers, liquid tankers, pay loaders, excavators, cranes, fork-lifters and other equipment for safe handling, transportation, and delivery of cargoes. We also facilitate coastal movement of dry bulk and break-bulk shipments along the coastline of India.

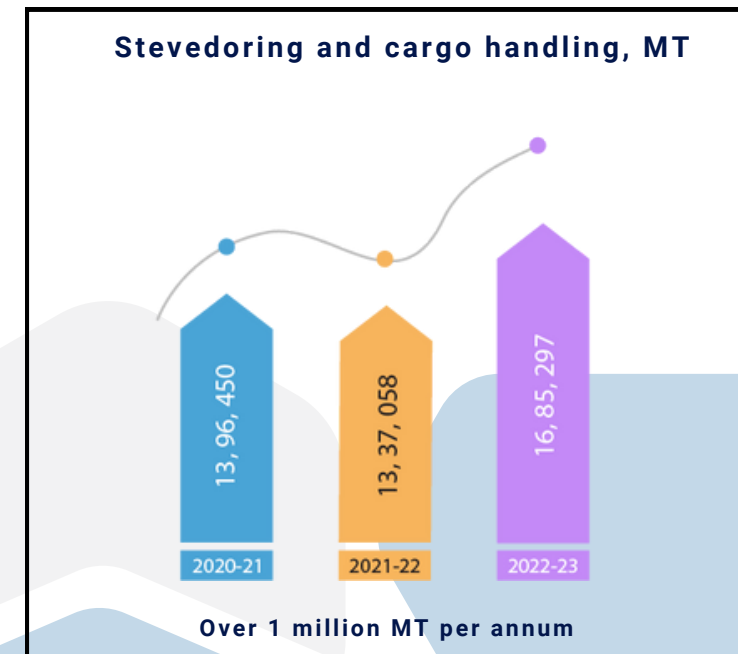

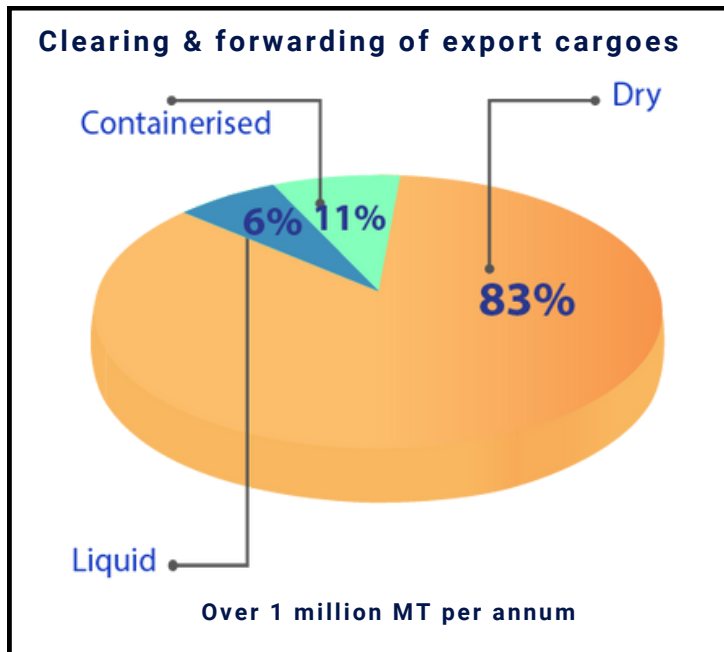

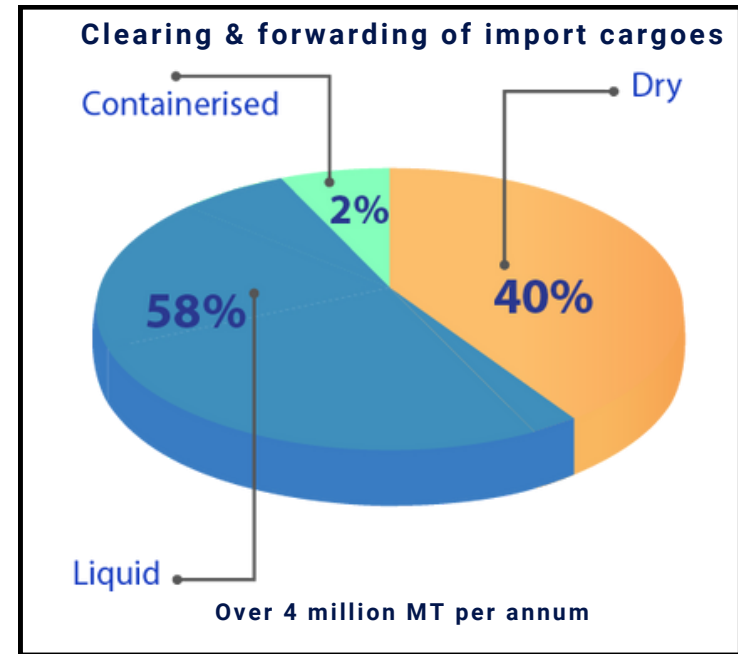

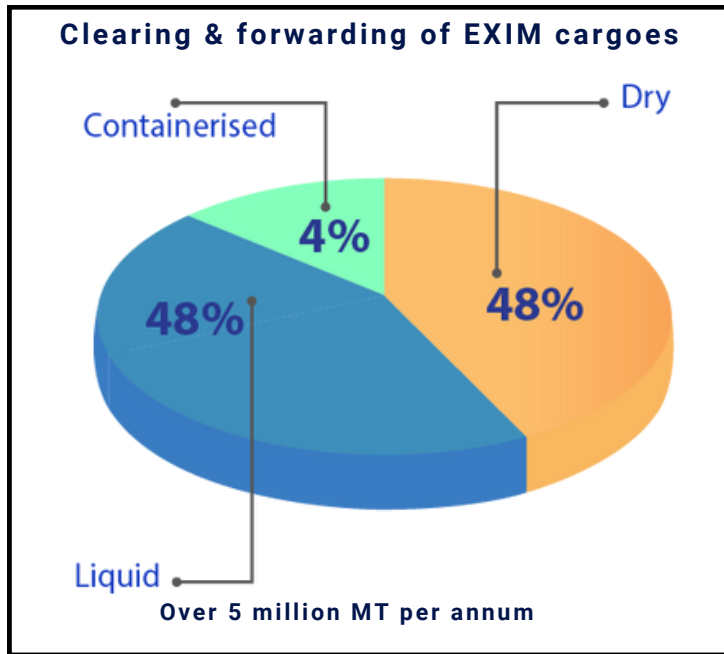

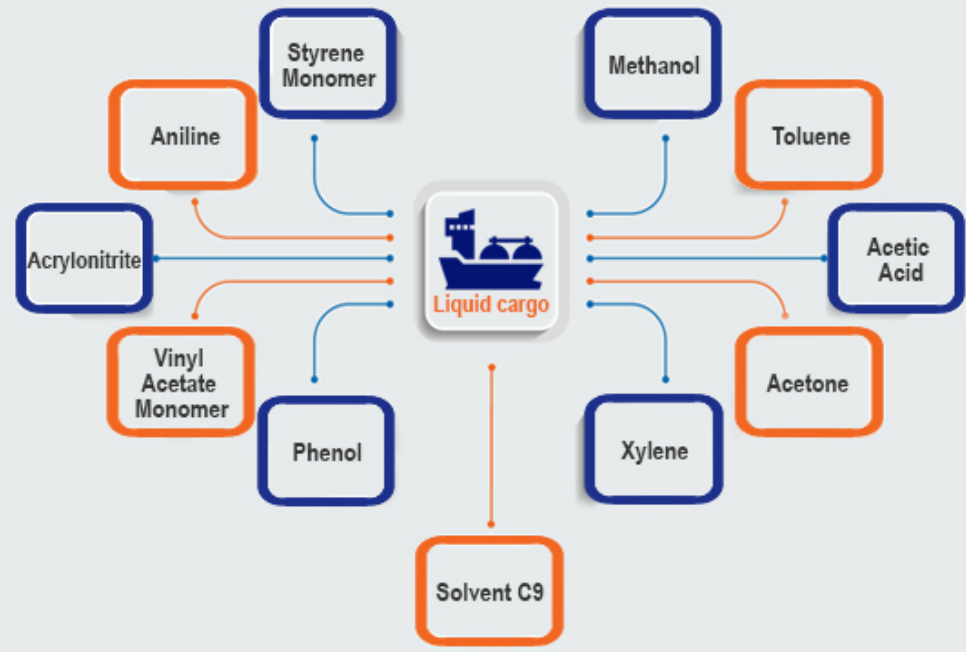

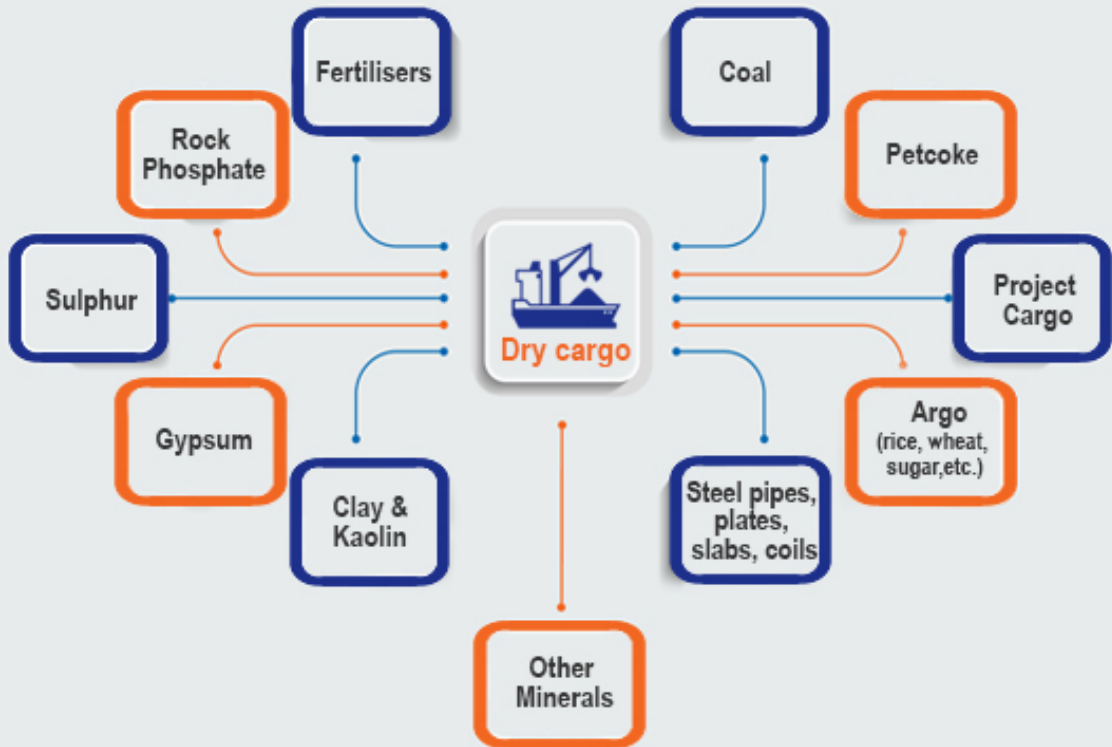

## Drumming facility in SEZ for liquid chemicals (and distribution of field equipment for oil exploration)

We have a liquid drumming/re-filling facility in Kandla SEZ (KASEZ), operated by our group company 'sujan oil & gas infra logistics' (SOGIL). The unit also caters to oil & gas exploration industry by offering services like warehousing of imported machineries, equipment, raw materials, etc.
